

BERKS CARDIOLOGISTS

Dr. Troy Trayer

Introduction

I would like to take this opportunity to introduce myself to your practice. I am a comprehensive cardiologist that practices in Wyomissing, PA . I am Board Certified in Interventional Cardiology, Endovascular Interventions, General Cardiology, Echocardiography, Nuclear Cardiology, and Vascular Imaging. I am not only informing you of my availability in treating and managing your patients with cardiovascular issues but also those who may be presenting with arterial or venous lower extremity symptoms. I would be happy to meet you and your practice to discuss the opportunities that I can provide to your patient's in regards to peripheral arterial and venous disease. Please don't hesitate to contact Valerie Devine in our office to schedule a convenient time.

“Cardiology has drastically changed in the past decade and has truly adopted addressing not only heart conditions but a comprehensive approach of treating and managing vascular disease systemically. As an Interventional Cardiologist, I am enthusiastic to offer my patients comprehensive complete vascular management and treatment of peripheral arterial and venous disease in addition to coronary artery disease.”

- Dr. Troy Trayer
